The OVERFLOW

August 2013

If we didn't think that The Overflowing Cup is still a vital part of our community, we would wrap it up after 40 years. But SO MANY people call or come through our doors daily who have no where else to turn. I think that is what motivates us to keep on keeping on. But we cannot do it alone and we need donors and volunteers to come along side us and support us regularly. First of all, THANKYOU to those who PRAY for us and who do support us regularly or occasionally. We are now asking for people with financial means to help us to purchase the new building and give to this worthy cause on a monthly basis. **The Clock Is Ticking.**

We have downsized in the past and now have the opportunity to purchase the old Red Cross building at 318 State Street in Beloit, Wisconsin which will triple our space and allow us to expand our services. We have until Labor Day to raise \$125,000. We appreciate all prayers and financial support that people can give. Gifts can be given on-line via PayPal through our web site which is www.overflowingcup.org/donate.htm or sent to: P.O. Box 1075 - Beloit, WI. 53512. We are thankful for whatever people can do in "Helping Us To Help Others." We also need more finances on a monthly basis for operating. We believe that if everybody did something that we could operate with less stress and be more effective.

We are soon to celebrate 40 years of ministering to the lost and lonely in our community, targeting youth and homeless. We have helped thousands of people find hope and peace through a personal relationship with Jesus Christ. We have seen drug addicts and alcoholics find sobriety and purpose for their lives. We operated the Harbor For The Homeless for many years and now we "refer" people to shelters etc. In addition, we have helped people to find jobs and homes and given gas cards when appropriate and possible. We continue to minister "unto the least of these" and to those less fortunate. The Overflowing Cup and JOSIAH'S Place Coffeehouse is an interdenominational Christian Coffeehouse Ministry. The Overflowing Cup offers services much like a traditional church including funerals, weddings, baptisms, hospital visitation, worship and Biblical studies. We also take people to rehab when necessary and to long term treatment when appropriate. We tend to help people in crisis situations who are falling through the cracks. We have ordained many qualified people into the ministry and have helped them to find their place of service in the Body of Christ.

Our 24 hour phone number is: **608-365-0365**. God Bless You.
